Ƿeal-stilling. -styllinG. Non occurrit hæc vox, quatenus ſaltem comperi, niſi in Cod. MS. Cott. Otho. B. xi. f. 350. a Cl. *Hickeſio* in Diſſert. Ep. p. 109. citato. Hunc autem codicem nuncupavit vir doctiſſimus "Fragmentum *gromaticum*, quo quis Geodætes Anglo-Saxonicus *acrarum*, *hidarum* & *furlangorum* dimenſiones in uſum *Colonorum* deſcripſit." *Wanleius* itidem, in Catalogo ſuo, p. 219. appellat "Computus hidarum, in quo docetur quot Hidæ tunc temporis faciebant Acram, quot Gyrdam, quot unum Furlongum, quot duos, &c. uſque ad xii:" Voce interea Ƿeal-styllinG penitus intacta. Ex hac tamen (voce inquam Ƿeal-styllinG) videtur ipſa luce clarius non deſignari hic Regulam quamvis *gromaticam* in uſum *Colonorum*; quippe non dicitur "totidem Hidas unius jugeri latitudini competere," *generaliter*; ſed "unius jugeri latitudini on Ƿeal-styllinge": Et infra, "Ad viginti Gyrdas pertinent octoginta Hidæ," non tamen *generaliter*, ſed "Ad viginti Gyrdas on Ƿeal-styllinge." Per hoc itaque intelligendum videtur, Opus aliquod ſive Cœptum *ſpeciale*; idque non ſane ad rem *ruſticam* ſed *militarem* potius ſpectans. Et ſuſpicatus ſum profecto vocem iſtam Ƿeal-styllinG originem habere in Ƿeal, *Vallum*, & Styllan, *Scandere*; q. d. *Valli ſcanſio*, ſive *munimenti oppugnatio*: Et proinde continere hoc fragmentum regulas quaſdam non in uſum *Colonorum*, at *Imperatorum* potius compoſitas; ex quibus ſane intelligerent quoteni homines, ad data quædam ab invicem intervalla poſiti, ad *munimentum* cujuslibet circuitus *oppugnandum* ſufficerent.

Monendus interea Lector quod *Hidæ*, quarum ſedecim in hac formula uni Acræ ſunt adſcriptæ, denotant *Stationes*, *manſiones*, *tecta*, *tentoria*, *loca confugii*, in quæ ſe reciperent oppugnatores ab obſeſſis laceſſiti: Quæ quidem primaria fuit apud *Anglo-Saxones* ipſius vocis ſignificatio. Ad unius Acræ latitudinem, in *Valli oppugnatione*, & ad ſeptum, pertinent XVI Hidæ, ſive ſtationes. Si ſingula Hida ſit uno homine occupata, tunc poterit aliquis inſtruere unamquamque *Gyrdam* quatuor hominibus. Tunc pertinebunt ad viginti *Gyrdas*, in Valli oppugnatione, LXXX Hidæ, & ad *Furlongum* pertinebunt CLX Hidæ juxta eundem computum quem hic ſupra inivi. Ad *duos* Furlongos pertinebunt CCCXX Hidæ. Ad *tres* Furlongos CCCCLXXX Hidæ. Quare pertinebunt ad *quatuor* Furlongos DCXL Hidæ. Ad *quinque* Furlongos pertinebunt circuitus DCCC Hidæ in Valli oppugnatione. Ad *ſex* Furlongos pertinebunt DCCCCLX Hidæ. Ad *ſeptem* Furlongos MCXX Hidæ. Ad *octo* Furlongos circuitus, in Valli oppugnatione, MCCLXXX Hidæ. Ad *undecim* Furlongos pertinebunt MDCCLX Hidæ. Ad *duodecim* Furlongos circuitus, in Valli oppugnatione, pertinebunt MDCCCCXX Hidæ. Si circuitus major ſit, tunc poterit aliquis facile additamentum diſponere ex hoc computo: Quippe univerſaliter, ad unum Furlongum pertinent CLX hominum, quum fuerit ſingula *Gyrda* quatuor hominibus inſtructa.

☞ Ex hac denique formula colligimus, quatuor *Gyrdas* unam confeciſſe *Acram*; quadraginta vero *Gyrdas*, i. e. decem Acras, unum *Furlongum*. Si itaque *Acra* Anglo-Saxonica noſtræ eſſet æqualis, idem etiam utriuſque *Furlongus*; & *Gyrda* proinde Anglo-Saxonica noſtro Radio, ſive *Rood* æqualis.

EADGIFA declarat Archiepiscopo & *Christi Ecclesiæ* conventui quomodo ei Terra venit apud [a] *Cowling*; sc. quod ipsi concessit ejus pater terram & chartam, prout ille jure acquisivit, & ei ejus majores concesserunt. Accidit ut ejus pater mutuum accepit xxx libras à *Goda*, & tradidit ei istam terram pecuniæ in satisdatum; & ille eam habuit vii annos. Tum accidit circa id tempus ut viri essent omnes *Cantiani* in bello apud [b] *Holme*: At noluit *Sigelmus* ejus pater at bellum proficisci cum nullius hominis pecuniâ non solutâ; & reddidit proinde *Godæ* xxx libras, & legavit *Eadgifæ* ejus filiæ Terram, & Chartam dedit. Quando ille in prælio cecidisset, tum negavit *Goda* pecuniæ restitutionem, & Terra prohibuit, usque in sextum annum. Tum declaravit id constanter *Birhtsige Dyring* tam diu usque donec optimates qui ibi erant præceperunt *Eadgifæ* ut illa ejus patris manum purgaret de tam ingenti pecunia, & illa juramentum præstitit, in totius gentis præsentia apud *Ailesford*; & ibi purgavit ejus patrem de restitutione per xxx librarum juramentum. Nondum vero licuit ei terra potiri, priusquam ejus amici impetrassent ab *Edwardo* rege, ut ille ei istam terram prohiberet, modo ipse ulla potiri cuperet; & ille istam ita dimisit. Tum accidit procedente tempore, ut rex *Godam* reprehenderet in tantum ut ei exponeret chartas & terram quam ipse possedit: Et rex eum proinde & omnes ejus facultates cum chartis & terris dedidit *Eadgifæ* ad disponendum ut ipsa voluit. Tum dixit illa quod non ausa est, propter Deum, ei ita retribuere ut ille de ea meruisset; & reddidit ei omnes ejus terras præter duas carucatas apud [c] *Osterland*; at noluit chartas restituere

“ *ceraſtes in ſemita.*” Hoc eſt, Sý Dan snaca on ƿege. ⁊ næddre on pæþe. Id eſt autem ita intelligendum, ſc. quod ſicut venenifer coluber jacet in via, & vult viatorem cum ejus venenoſis dentibus occidere, vel ſaltem vecordes de eorum via abigere; Ita quidem *Anti-chriſtus* quum ipſe venit, ille vult omnes homines qui ad Deum inclinant, ſive per verſutias à Deo avertere, ſive per varios cruciatus illos miſere necare. Ille erit natus à patre & à matre carnali communione, ſicut alii homines, & non ſicut mendaces homines dicunt, quod ille erit natus à virgine ſola: At ille erit in peccato genitus, & in peccato natus, & omnino in peccato nutritus. Ejus pater eum gignet ex ejus propria filia, & ille erit ejus matri duabus cognationibus conjunctus, quippe erit tum filius tum frater. At vero quum procreatus fuerit, tunc ibit ipſe diabolus intro cum eo in ejus matris uterum, & ibi ille eum conteget, & cuſtodiet intus; & ſemper ab ipſo tempore quo ille procreatus fuerit, in perpetuum ille erit cum eo, & illum nunquam relinquet, & prorſus ſicut Sanctus Spiritus acceſſit ad ſanctam *Mariam*, noſtri Servatoris *Chriſti* matrem, & eam cum ſua virtute obumbravit, & cum divinitate implevit, adeo ut illa conciperet ex ipſo Sancto Spiritu, & quod illa peperit eſſet divinum atque ſanctum; Ita diabolus illabetur in *Anti-chriſti* matris uterum, & eam undiquaque circumfundet diabolica virtute, & ita ſibi ipſi ille eam adunabit, ut, diabolo co-operante, illa per hominem concipiet in utero, & id quod fuerit ex ea natum totum erit impium, & totum malum, & totum perditum. Inde eſt hic diaboli homo vocatus *perditionis filius*, eo quod tantum quantum ille plurimum poterit, ille perdet humanum genus, & ille ipſe ad finem extremum ſimul peribit. Jam vos audiviſtis quomodo ille erit natus. Auſcultate nunc, & ego vobis dicam ipſius loci nomen quo ille erit in natus. Tanquam dominus noſter Redemptor præ-monſtravit ſibi civitatem regiam *Bethleem*, eo quod ille voluit ibi in iſta civitate humanitatem ſuſcipere, & in tantum ſe humiliare ut ille voluit ibi eſſe natus verus homo, qui eſt ſemper verus Deus, & ſemper erit infinitus: Ita diabo-

lus iſti perdito homini qui *Anti-chriſtus* eſt vocatus præmonſtrabit opportunum locum quo ille in debet eſſe natus. Iſtius loci nomen eſt *Babylonia* vocatum, iſta eſt urbs qua omne malum exoritur; & principium & finis omnis mali in ea erit enaſcendum. In hac ipſa *Babylonia*, quæ quondam erat nobiliſſima & glorioſiſſima civitas omnium civitatum, & *Perſarum* regni caput, erit *Anti-chriſtus* natus; & in iſtis duabus civitatibus *Bebſaida* & *Corozaim*, dicunt quod ille erit enutritus, & ibi ille habitabit imprimis. Iſtis civitatibus interminatus eſt Chriſtus cum ejus ſancte ore, quando ille ita dixit, “*Væ tibi, Bethſaida, væ tibi Corozaim*;” Hoc eſt in Anglicano, Ƿa ðe la ƿa. Bethsaida. ⁊ ƿa ðe Corozaim. *Antichriſtus* habebit cum eo magos, & veneficos, & ariolos, & eos qui callent incantationes exercere, qui illum cum diaboli auxilio enutribunt, & edocebunt in unaquaque impietate, & dolo, & ſceleſta arte; & maledicti ſpiritus erunt ejus præceptores, & ejus comites ſine ulla ſeparatione. Tunc abibit ille ad *Hieroſolymas* urbem cum multa magnificentia, propterea quod ille vult omnem Chriſtianum populum ad eum flectere per ejus verſutias, & à recta fide avertere ſi ipſe potuerit: Et ſi ipſe quidem non potuerit, tunc incipiet ille eos ſubjugare diverſis modis, atque etiam multos necabit ſanctorum hominum propterea quod illi nolunt deflectere à vero Deo ad ipſum. Ille fundavit novum Templum illic ubi *Salomon* iſte præclarus rex prius ædificaverat iſtud inſigne Templum, omnipotentis Dei ad laudem; Et ibi intus ille ſedebit, & ſe ipſum ita exaltabit, ut dicet quod ipſe eſt omnipotentis Dei filius; & ſecundum *Moyſis* legem ille ſe permittet circumcidi cum acuta ſilice, & propterea ille faciet, quod id vult, ut infelices *Judæi* homines exiſtimarent quod ille eſt verus Chriſtus, eo quod ille tam humiliter eorum legem implet iſto modo. Ille convertet primum ſeſe ad, Reges, & principales homines, & poſtea ille flectet per eorum terrorem & adminiculum, maximam partem, cæterum populum ad ſe. Omnia iſta loca quæ verus *Chriſtus* dilexit & ſæpiſſime incoluit, iſta ille deſtruet, & iſta ei erunt odioſiſſima, propterea quod ille volet

corrumpere cum ejus hæreſi omne quod verus *Chriſtus* olim prædicavit & conſtituit in recto. Poſteaquam ille ita elatus fuerit, ille mittet ejus nuncios per totum orbem terræ, & ejus fama, & horrendum imperium, & prædicatio erit à mari ad mare, hoc eſt ab oriente ad occidentem, & à meridie ad ſeptentrionem orbis terræ. Ille faciet etiam, per diabolum, multa ſigna, & admiranda miracula, & odioſa, qualia nunquam antea neque audita fuerint neque viſa. Ille faciet ut ignis veniat ſubito de-ſuper, quaſi iſte de cœlo veniſſet, & terribiliter degurgitet multas res in terra: Et arbores ille faciet ſubito effloreſcere & poſtea cito areſcere: Et mare ille faciet in paululo temporis eſſe immodice & præter naturam valde excitatum, & inde recta poſtea cito ſerenum. Et varias creaturas ille avertet de earum naturis. Aqua ille faciet ut currat contra fluentum. Elementa & ventos ille excitabit in tantum ut hominibus videbitur eorum mors eligibilior quam iſtum horrorem audire. Mortuos homines ille ſuſcitabit in hominum conſpectu, adeo ut ille vult in errorem ſeducere, ſi id ita fieri poſſet, illos qui a Deo electi erant ſimul ac illi nati erant. Tum dubitatum erit multis hominibus, immo Dei electis propter magnas & multiplices hæreſes quas illi videbunt & audient, utrum ille ſit verus Dei filius an non ſit, qui hominibus promiſſus erat in hujus mundi fine, quod ille ex pura virgine debuit eſſe natus. At homines poſſunt ſcire ex ejus impiis doctrinis & geſtis quod ille eſt minime verus Deus. Tunc erit talis miſeria & difficultas qualis nunquam antea fuit, ex quo homines primum nati erant, ad iſtud tempus. Tria ſæcula cum dimidio diaboli homo regnabit in orbe terrarum, & tam diu ille bellum geret contra Deum & Dei ſervos; & ille elevabit ſe ipſum ſuper omnes illos quos ethnici homines dixerunt quod Dei eſſent, ethnico ritu. Qualis erat *Hercules* ille gigas, & *Apollo* quem illi præclarum Deum finxerunt. *Thor* item & *Othen* quos ethnici homines prædicant multum. Super omnes iſtos ille ſe ſolum exaltabit, eo quod ille ſimulabit quod ille ſolus eſt potentior quam hi omnes: Et non id ſolum quod ille ſe ſuper hos omnes exaltabit, at ſuper ipſam ſanctam Trinitatem, quæ eſt ſola adoranda, laudanda, & honoranda; nempe Pater, & Filius, & Sanctus Spiritus, unus omnipotens æternus Deus, creator & gubernator omnium mundorum. Adeo ut ille ſedebit, ſicut nos prius diximus, in Dei templo, oſtentans ſe tanquam ille Deus ipſe eſſet, qui *Judæis* olim erat promiſſus. Quando diabolus hoc modo ſævierit, tum mittet Deus duos inſignes Prophetas in orbem terrarum, qui ſunt vocati *Enoch* & *Elias*, quos Deus cuſtodiverit multas centurias annorum eo quod illi futuri ſunt tunc per eorum doctrinam humanum genus ſervare, ut id omne non periturum foret pariter ſimul. Hi præclari Dei homines, *Enoch* & *Elias*, corroborabunt fideles Dei ſervos cum divinis armis contra ipſius diaboli fraudes, & hi illos monebunt & docebunt, & cum forti animo viriliter reſiſtent doloſo *Anti-chriſto*, adeo ut illi convertent maximam partem *Iſraelitarum* populi ad rectam fidem, qui diu antea infideles manſerunt; eo quod illi intelligent tandem quod illi erant ad dolorem ſeducti per ipſius nigri diaboli incantationem. Tunc incipiet ille bellum gerere adverſus iſtos duos Dei miniſtros *Enochum* & *Eliam*, & ipſos ad extremum interficiet, ſicut Dei permiſſio erit, & eorum corpora jacebunt inſepulta, & tertio die illi reſurgent à morte, & ad cœlum aſcendent, penitus integri; tunc poſſunt eorum adverſarii erubeſcere, quando illi eos videbunt cum triumphi gloria ad cœlum aſcendere. emendandum, & eorum peccatorum ad pœnitendum, qui olim per diaboli doctrinam ſeducti erant, ut illi Deum ſpernerent & adverſario inſervirent. Hoc dicunt libri quod erit xl dierum ſpatium: Et cito poſt hæc, uti libri dicunt, erit ipſum magnum judicium, & hic mundus finietur. Nos habemus itaque valde magnam neceſſitatem ut nos contra talem terrorem cauti ſimus, ac etiam eos moneamus qui id neſciunt quod venturum eſt: Eo quod eſt propius iſti tempori quam indocti homines credere volunt. Itidem ego dico revera quod diabolus vult cujuſque hominis mentem, ſi ille poſſit, valde impedire, ut ille id minime intelligat, quanquam id ei aliquis nunciet, nec ſibi in iſtud non caveat; & per id erit maxima pars hominum decepta, ut illi non erunt tam cauti neque tam bene præmoniti quam illi opus habent. O quam nos jam infelices ſumus, quod nos nobis melius non cavemus de terrore qui venturus eſt, & quod nos nobis non metuimus appropinquantem diem magni judicii. Ille eſt miſeriarum dies, & omnium calamitatum dies, & nos videbimus & frequenter ſciemus per iſta ſigna quæ Chriſtus ipſe prædixit, quod inſtanter appropinquat ad judicium quod ille ipſe ad veniet, & nos ſcimus quod idi adgregati erunt omnes cœlicolæ, & omnes terricolæ, & omnes Tartari incolæ, & tunc hominum unuſquiſque rationem reddet omnium actionum quas ille hîc fecerit olim in vita. Non erit ibi celata ipſa occultiſſima cogitatio quam quiſquis unquam cogitavit, niſi iſta prius confeſſa & emendata fuerit. Totus orbis terrarum erit iſto in die flagrans, & unuſquiſque homo iſto in die à morte reſurget, qui unquam in vita erat, & per iſtum ignem ad judicium tranſibit. Ibi erit iſto in die horror maximus eo quod per Dei potentiam erit totus excitatus tum cœli cœtus, tum terræ cœtus, tum inferorum cœtus, & totus idem erit horrens & trepidans. At ibi erit per Dei potentiam cito diviſus iſte cœtus in duos, & erunt condemnati qui hîc in vita noluerunt Deo obedire, neque Dei legem obſervare, at diabolum ſequuti ſunt. Et ante hoc, in eodem anno deceſſit *Grimcytel* epiſcopus in *Suth-Saxonibus*, & *Heta* preſbyter capeſſit epiſcopatum. At id viſum eſt inconſultum toti populo, & id erat prohibitum propterea quod *Magnus* habuit multam nauticam artem; & ille tum expulit *Swenum*, & cum magna hominum ſtrage terram expugnavit: Et *Dani* ei multam pecuniam ſolverunt, & ipſum in regem acceperunt; Et eodem anno *Magnus* deceſſit.

MXLIX. Venit iterum *Swenus* ad *Denmarcam*, & *Haroldus* migravit in *Norwegiam*, *Magni* patruus, ex quo *Magnus* mortuus eſt; & *Normanni* eum exceperunt. Et ille miſit de fœdere huc ad terram; & *Swenus* etiam miſit ex *Denmarca*, & petiit (ab) *Edwardo* rege navale auxilium, quod eſſet ad minimum quinquaginta naves; at totus populus obſtitit. Et hoc anno erat etiam terræ motus ad kal. Maii in multis locis, in *Worceſtria*, in *Wica*, & in *Deorbia*, & alibi paſſim. Et inſuper erat valde magna hominum peſtis, & pecudum lues; atque etiam fulgur in *Deorbyſcira* magnum damnum fecit, & paſſim alibi.

epiſcopus *Eadnoth*; & ille fuerat inde expulſus, propterea quod ille non peregit nihil epiſcopaliter in eâ, adeo ut nos pudet hoc jam amplius enarrare. Et *Sigwardus* epiſcopus obiit, qui jacet in *Abbanduna*. Et hoc anno conſecratum eſt iſtud magnum monaſterium apud *Remos*. Ibi erat Papa *Leo*, & Imperator, & magnam ſynodum tenuerunt de Dei famulatu. Eſt difficile recognoſcere (nomina) Epiſcoporum qui illuc venerunt, & maxime Abbatum: Et hinc è terra erant duo dimiſſi è *S. Auguſtini* (monaſterio) & è *Rameſeiæ*. Hanc ſynodum inſtituit *S. MLI. MLII. Deceſſit *Ælfricus* Archiepiſcopus in *Eboraco*, valde reverendus homo & ſapiens, & eodem anno ſuſtulit *Edwardus* rex iſtud militare tributum quod *Æthelredus* rex prius impoſuit: Hoc erat in nono & triceſimo anno ex quo ille iſtud inſtituiſſet. Iſtud tributum vexavit totam *Anglorum* gentem in tam longo tempore quam id ſupra prius ſcriptum eſt. Id erat prius aliis tributis quæ varie ſolvebant homines, & quibuſcum multipliciter vexabantur. In eodem anno *Euſtatius* appulit ad *Doveram*, qui habuit *Edwardi* Regis ſororem in uxorem. Tunc ibant ejus homines temere poſt intro, & quendam hominem interfecerunt de iſto portu; & alter homo de portu (interfecit) eorum ſocios; adeo ut ibi ceciderunt ſeptem ejus ſociorum; & plurimum damnum ibi perpetratum eſt ex utraque parte, cum equis, & etiam cum armis, uſquequo populus congregaretur, & illi tunc aufugerunt ut illi venirent ad regem apud *Gloceſtriam*, & ille eis pacem dedit. Tunc tulit *Godwinus* ægre quod in ejus Comitatu tale eveniret. Cœpit tunc congregare populum per omnem ejus comitatum, & *Swenus* comes, ejus filius, per ejus; & *Haroldus* ejus alter filius per ejus comitatum; & illi convenerunt omnes in *Glocester-ſcira* apud

Langatreo, magnus exercitus & innumerabilis; omnes parati ad bellum contra Regem nisi tradidissent *Eustatium* & ejus homines iis in potestatem, atque etiam *Francigenas* qui in castello erant. Hoc erat factum septem noctibus ante posterius *S. Mariæ* festum. Tunc erat *Edwardus* in *Glocestria* residens. Accersivit itaque *Leofricum* comitem, & boream versus, *Siwardum* comitem, & rogavit eorum comitatum, & illi eum tunc ad venerunt, imprimis cum mediocri auxilio; at posteaquam illi norunt quomodo id ibi ad meridiem erat, tunc miserunt illi boream versus per totos eorum comitatus, & permiserunt conscribere magnum exercitum, eorum domino in auxilium: Et *Rudulfus* itidem per ejus comitatum; & venerunt omnes ad *Glocestriam*, regi in auxilium, licet id serum esset. Erant itaque omnes adeo unanimes cum Rege, ut illi voluissent *Godwini* exercitum exquirere, si ipse Rex id voluisset. Tum suggerebant nonnulli quod id valde inconsultum erat quod illi convenissent, quippe ibi erat præclarissimum quodvis & ornatissimum quod erat in *Anglia*, in istis duobus exercitibus; & innuebant quod illi nostris inimicis viam aperirent in terram, & inter nos ipsos ad magnam internecionem. Statuerunt itaque ut darent obsides mutuo, & emiserunt literas ad *Lundinium*, & evocarunt populum istuc per totam hanc borealem partem in *Siwardi* comitatu & in *Leofrici*, ac etiam passim ubique; & necesse habuit *Godwinus* comes & ejus filii istuc venire ad concilium. Tum venerunt illi ad *Suthweorcam*, & magna multitudo cum iis è *West-Saxonibus*; at ejus exercitus defecit continuo, quo diutius eo magis; & fidejussione obligarunt regi universos thanos qui erant *Haroldi* comitis ejus filii, & exlagarunt *Swenum* comitem, ejus alterum filium, quum non opportunum visum esset ei venire ad concilium apud Regem & apud exercitum qui eo eum erat. Discessit itaque in nocte, & Rex habuit in crastino Senatusconcilium & declaravit eum exlegem, & totum exercitum, ipsum & omnes ejus filios; & ille abiit meridiem versus ad *Thorney*, & ejus uxor, & *Swenus* ejus filius, & *Tostig*, & ejus uxor, *Baldwini* filia de *Bruges*, & *Gerth* ejus filius; Et *Haroldus* comes, & *Leofwinus* abierunt ad *Brigstowe* ad eam navem quam *Swenus* comes sibi ipsi prius designasset & comparasset:

ſet: Et rex miſit *Ealdredum* Epiſcopum de *Lundene* cum comitatu, & debuerunt eum equitando aſſequi priuſquam ad navem veniret. At illi non potuerunt aut noluerunt: & ille abiit ex *Auſonæ* oſtio, & incidit in tam ſævam tempeſtatem, ut ille vix evaderet; & ei ibi multum damni accidit. Abiit inde ad *Hiberniam*, cum ei ſerenum incidit. Et *Godwinus*, & illi qui cum eo erant diſceſſerunt à *Thorneye* ad *Bruges*, ad *Baldwini* terram in una nave, cum tam multis opibus quam illi potuerunt in ea maxime recondere pro ſingulis viris. Id viſurum eſſet mirabile cuique homini qui in *Anglia* erat, ſi quis homo antea dixiſſet quod id ita eventurum eſſet; quippe ille erat antea in tantum elatus quaſi ipſe gubernaſſet regem & totam *Angliæ* terram; & ejus filii erant comites, & regis favore potiti, & ejus filia ipſi regi deſponſata & connubio juncta. Hanc adduxerunt ad *Wherwell*, & ibi Abbatiſſæ tradiderunt cuſtodiendam.

Tum cito venit *Willelmus* comes ab ultra mare, cum magno exercitu *Francorum* hominum, & rex eum excepit, & tam multos ipſius ſociorum quam ei conveniens erat, & dimiſit eum rurſus. Eodem anno dederunt *Willelmo* preſbytero epiſcopatum in *Londinio*, qui erat prius *Sparhawko* datus.

MLII. Obiit *Ælfgiva* domina, *Æthelredi* relicta regis, & *Canuti* regis, in ii. Non. Mar. Hoc anno prædas egit *Griffinus* Wallicus rex in *Hereford-ſcira*, adeo ut venit valde prope ad *Leominſter*, & homines convenerunt obviam, tam (hujus) terræ homines quam *Franci* de *(Herefordiæ)* caſtello; & interfecti ſunt ibi plurimi *Anglorum* præſtantium hominum, ac etiam de *Francis*. Id evenit eodem die, poſt tredecim annos, quo prius *Edwinus* occiſus eſt cum ejus ſociis. Et cito venit *Haroldus* comes ex *Hibernia* cum ejus navibus ad *Sabrinæ* oſtium prope *Sumerſetenſium* limites & *Devonaſciræ*, & ibi multum prædatus eſt, & terræ populus ei obviam conveniebat, tam ex *Sumerſetenſi* quam *Devonaſcira*, & ille eos fugavit, & ibi occidit plures quam xxx præſtantium Thanorum præter alios plebeios; & cito poſtea circuivit *Pen-uïth* promontorium. MLVII. Venit *Edwardus* princeps ad *Angliam*, qui erat *Edwardi* fratris filius Regis *Edmundi* (qui) *Iron-side* erat vocatus propter ejus fortitudinem. Hunc principem *Canutus* rex abegisset in *Hungariam* eum ad circumveniendum; at ille ibi adolevit in bonum virum, uti ei Deus concesserat, & ei bene obtigit adeo ut obtinuit Imperatoris cognatam in uxorem, & ex eâ pulchram liberorum sobolem genuit, quæ erat *Agatha* nuncupata. Nescimus nos propter quam causam id factum erat ut ille non potuit ejus cognatum *Edwardum* regem visere. Ah! ea erat crudelis sors & damnosa toti huic genti, quod ille tam cito ejus vitam finivit posteaquam ille ad *Angliam* venit, in infortunium huic misero populo. Decessit *Leofricus* comes in 2. kal.
